Cloudy and cool with morning fog patches along the escarpment. It will  
become partly cloudy in the afternoon.

**3. LIMPOPO:**

-----

Partly cloudy and cool to warm.

**4. NORTH-WEST PROVINCE:**

-----

Partly cloudy and warm, with isolated showers and thundershowers, but  
scattered in the extreme south west.

**5. FREE STATE:**

-----

Cloudy with morning fog patches in the east becoming fine, otherwise partly  
cloudy and cool to warm, with isolated showers and thundershowers, but  
scattered in the south west.

**6. NORTHERN CAPE:**

-----

Partly cloudy and warm to hot, with isolated showers and thundershowers, but  
scattered in the east and central parts. It will be hot in the west, but very hot in  
the south-west.

The wind along the coast will be light to moderate northerly to north-westerly,  
becoming fresh in the afternoon.

## **7. WESTERN CAPE:**

-----

Morning fog along the west and south-west coast becoming partly cloudy to cloudy and warm to hot, but very hot in places in the east and south where there will be morning showers and thundershowers. Afternoon showers and thundershowers over the eastern interior.

The wind along the coast will be fresh to strong easterly to north-easterly along the south coast, otherwise moderate to fresh north-westerly to westerly spreading along the south coast from evening.

The expected UVB sunburn index: Moderate

## **8. WESTERN HALF OF THE EASTERN CAPE:**

-----

Cloudy to partly cloudy and cool to warm with scattered showers and thundershowers, but isolated in the south-east.

The wind along the coast will be moderate to fresh north-easterly, but strong in places.

## **9. EASTERN HALF OF THE EASTERN CAPE:**

-----

Cloudy to partly cloudy and cool to warm with isolated showers and thundershowers over the interior and the south coast, but scattered over the extreme north-west.

The wind along the coast will be moderate to fresh north-easterly, but strong in places.

## **10. KWAZULU-NATAL:**

-----

Cloudy and cool to warm with morning fog in places over the interior, otherwise partly cloudy with isolated showers and rain along the north coast.

The wind along the coast will be moderate south-easterly in the extreme north at first, otherwise moderate to fresh north-easterly becoming strong in places south of Richards Bay from the afternoon.

The expected UVB sunburn index: Moderate
