TRAVELLERS WEATHER FORECAST FOR TOMORROW: 2020-09-30
ISSUED AT 15:30 SAST BY THE SOUTH AFRICAN WEATHER SERVICE.
THIS FORECAST WILL BE UPDATED AT 04:30 SAST.

SEVERE WEATHER ALERTS:
==================================

IMPACT-BASED WARNINGS:
1. Yellow warning for severe thunderstorms with possible flooding of susceptible low lying areas, disruption to traffic due to reduced visibility and strong damaging winds that may cause some damage to informal settlements is expected, especially between 17h00 and 21h00 over Gauteng, the north eastern parts of the North West, the western Highveld of Mpumalanga, Western Bushveld of the Limpopo and the extreme north eastern parts of Free State.

2. Yellow warning for rain with possible impacts including localised flooding of susceptible settlement and roads is expected over the Overberg and Garden Route Districts (Western Cape) Wednesday night.

FIRE DANGER WARNINGS:
1. Extreme high fire danger is expected over the Northern Cape, western parts of the Free State and North West Province.

ADVISORIES:
An intense cold front associated with an upper cut-off low pressure system is expected to affect the Western and Northern Cape Provinces from Wednesday evening (30/09/2020) into Friday morning (02/10/2020). The public and small stock farmers are advised that strong winds, light snowfalls and very cold conditions can be expected.
